

State Bank of India (SBI)

Home Loan Complete Product Policy

DEMO / SYNTHETIC DATASET for the DSA Loan Platform RAG project. These documents are for application testing and are not official bank policy documents. CIBIL-to-ROI and insurance percentages are configurable demo values.

1. Product Policy

- Loan purpose: Purchase, Construction, Plot + Construction, Renovation and Balance Transfer, subject to product rules.
- Bank type: Public Bank.

2. Loan Amount and Tenure

- Minimum and maximum loan amount should be configured in Product-Bank configuration.
- Maximum product tenure for this demo: 30 years.
- Maximum age at loan maturity: 60 years.
- Final tenure = minimum of customer preferred tenure, product maximum tenure and age-based maximum tenure.
- If requested tenure is higher than allowed tenure, eligible tenure will be reduced.
- Minimum tenure is configurable.

3. LTV

- 90% up to Rs. 20 lakh loan; 80% above Rs. 20 lakh
- $LTV = (Loan\ Amount / Appraised\ Asset\ Value) \times 100$.
- Eligible loan amount cannot exceed the applicable LTV-based amount.

4. FOIR

- $FOIR = (Existing\ EMI + Existing\ Monthly\ Obligations + Proposed\ Loan\ EMI) / Gross\ Monthly\ Income \times 100$.
- FOIR above 65% -> reject application.
- FOIR between 50% and 65% -> reduce maximum eligible loan amount.
- FOIR 50% or below -> normal eligibility calculation.

5. CIBIL and ROI

- Interest rate varies based on CIBIL score and customer profile.

CIBIL Score	Demo ROI
800+	7.20%
750-799	7.40%
700-749	7.75%
650-699	8.25%
Below 650	Not eligible

6. Female Co-applicant

- If female co-applicant is available, 0.50% interest-rate rebate can be applied in our demo configuration.

7. Part Property

- Part property is not allowed in this demo policy.

8. Property Type Rules

- Apartment: eligible if approved and legally/technically clear.
- Independent House / Residential: subject to title, approved plan, property age, location and technical verification.

- Villa: subject to project/property approval, title and technical verification.
- Plot: eligible only for permitted home-loan purposes such as plot purchase/construction.
- Commercial: not treated as a standard residential home-loan property; applicable products/policies may permit it.
- Semi-commercial: subject to lender/product-specific rules; residential and commercial usage must be assessed.
- Under Construction: may require stage-wise disbursement and project/builder approval.
- Resale: title chain, sale documents, tax/approval and technical/legal checks are required.

9. Insurance

Property Insurance

- Provided: Yes
- Mandatory: No by default in our demo configuration
- Insurance Amount: 0.10% of Loan Amount

Applicant Insurance

- Provided: Yes
- Mandatory: No by default in our demo configuration
- Insurance Amount: 0.50% of Loan Amount

Example Calculation

- Loan Amount: Rs. 50,00,000
- Property Insurance = $0.10\% \times \text{Rs. } 50,00,000 = \text{Rs. } 5,000$
- Applicant Insurance = $0.50\% \times \text{Rs. } 50,00,000 = \text{Rs. } 25,000$
- Formula: Insurance Amount = Loan Amount x Insurance Percentage

Note: 0.10% and 0.50% are demo/configuration values for this DSA project and are not official bank insurance premiums.

10. Processing and Other Fees

- 0.25% up to Rs. 25 lakh; Rs. 10,000 above Rs. 25 lakh to Rs. 75 lakh; Rs. 20,000 above Rs. 75 lakh; other charges as applicable.
- Other possible fees: legal opinion, technical valuation, documentation, CERSAI, stamp duty, registration, mortgage creation/cancellation, statement/certificate and document retrieval.
- GST and applicable government/statutory charges are extra where applicable.

11. EMI Default / Penalty

- Rs. 250 per bounced cheque/ECS/SI dishonour; other default charges as applicable.

12. Foreclosure / Prepayment

- Nil for eligible individual home loans under the demo floating/fixed terms; verify current sanction terms.
- Part-prepayment and full foreclosure rules should be configured separately.

13. Repayment and EMI

- EMI is calculated using loan amount, ROI and tenure.
- Repayment method and EMI due date should be stored.
- For floating-rate loans, rate changes can affect EMI or tenure.
- Pre-EMI may apply during staged construction disbursement.

14. Applicant Eligibility

- Minimum CIBIL is configurable; below configured minimum -> reject.
- Minimum income is configurable.

- Minimum and maximum applicant age should be configured.
- Employment/income stability should be checked.
- Existing loans and obligations are included in FOIR.

15. KYC / Basic Documents

- PAN/Form 60, identity/address proof, photograph, co-applicant KYC and required income/property documents.

16. Disbursement and Rejection

- Sanction conditions, legal/technical checks and customer contribution must be completed.
- Under-construction properties may be disbursed in stages.
- Rejection can occur due to CIBIL, FOIR, age/tenure, income, LTV, property/legal/technical issues or incomplete information.
